

## Hatching the News

Year 9 students participate in BBC School News Report for the first time at Lady Margaret School.

The BBC School News Report team set off to a cracking start interviewing these fluffy stars and questioning Ms Poppat about our involvement with the Living Eggs Organisation.

Next up, Sarah-Jane and Blaine were fortunate enough to speak to BBC weather reporter Carla Kirkland on the telephone and gained some top-tips for reporting.

The girls were then busy typing to meet the lunch time deadline for their reports and articles to be reported on the website. They gained expert help and advice from Katie Hile, a professional journalist who was their BBC mentor for the programme.

Overall the girls had an eggcellent time reporting!
