

## **UCAS Statement for Higher Education Institutions**

Lady Margaret School is a high-achieving Church of England Academy in Fulham, London. Consistently we are in the top 25% of Sixth Forms nationally for the progress our students make from GCSE to A Level and we offer 18 subjects at post-16.

Students in Year 13 have typically followed four subjects in Year 12. We entered all students in every subject for AS Level (legacy and reformed) in 2016 to help us to guide their pathways in a changing curriculum and qualifications landscape.

All students in Year 13 will be entered for three subjects at A Level in 2017 (legacy and/or reformed in any combination) and some students have taken the opportunity to submit an Extended Project Qualification.

We do not offer any vocational qualifications post-16. We have high expectations and aspirations for our students whether they stay with us or join us for their education after GCSEs.
